START AND FINISH OF THE GAME

The game can be started only if there is a sufficient amount of credit in the credit panel for selected stake. After selecting the stake and pressing START button, the selected stake is deducted from CREDIT panel and represented reels will start spinning. The reels stop automatically or it is possible to stop them by pressing STOP button. When the reels stop, they display at least one winning combination and a win animation starts. It is possible to skip the win animations by pressing SKIP button. The winnings are automatically transferred from WIN panel to CREDIT panel when the win animation is finished. The game is finished if WIN is ascribed to CREDIT. If the reels stop and no winning combination is shown, the game is considered as finished.

AUTOSTART: When pressing AUTOSTART button, start is repeated automatically in the game unless the credit runs out or unless the button is pressed again.

9 STARS PLUS

BASIC INFORMATION

GAME CATEGORY	a three-reel slot machine
MAIN AIM OF THE GAME	spin the reels and get a winning combination of symbols
WINNING LINES	27 winning lines
WINNING SHARE	95 %
MINIMAL BET	0.1 EUR
MAXIMAL BET	100 EUR
MAXIMAL PAYOUT	100 000 EUR

A three-reel game with three symbols on a reel and a game on 27 winning lines. Winnings are valid from the left to right. During one game you can win at more winning lines, which means the winnings are added up. Only the highest win on the winning line is valid.

SPECIAL SYMBOLS, FEATURES AND BONUS GAMES

DOUBLE WINNING	In case of winnings on all the 27 winning lines (9 identical symbols on three reels), the winnings will automatically double.
STAR SYMBOL	The STAR symbol substitutes any symbol. The STAR symbol illuminates the bonus field stars.
WHEEL OF FORTUNE BONUS GAME	If there is a star symbol anywhere on the reels, a corresponding bonus field star lights up, providing its position matches the reels position. This continues in this way until all the stars in the field light up. The bonus game starts when all the 9 stars are lit in the field. The player then receives his winning drawn through a winning wheel. First, he draws one of the winning symbols and then a multiple of the 5x, 7x, 10x, 12x, 15x, or 20x options. The winning is then calculated as a winning symbol factor multiplied by the winning multiple. The stars bonus field is linked to the bet amount. Every bet amount has its own bonus field.

BASIC INFORMATION

GAME CATEGORY	a four-reel slot machine
MAIN AIM OF THE GAME	spin the reels and get a winning combination of symbols
WINNING LINES	81 winning lines
WINNING SHARE	95 %
MINIMAL BET	0.1 EUR
MAXIMAL BET	100 EUR
MAXIMAL PAYOUT	96 000 EUR

Four-reel game with three symbols on the reel and play on 81 winning lines. Winnings are valid from the left to right. During one game, winnings can be won on multiple winning lines, meaning that winnings are added. Only the highest win on the winning line is valid.

SPECIAL SYMBOLS, FEATURES AND BONUS GAMES

JOKER BAR (WILD) SYMBOL	It substitutes all the symbols, including the STAR (SCATTER) symbol
SECOND CHANCE	If the won JOKER BAR (WILD) symbol does not immediately become a part of the winning combination within a given game, it remains in its position even during the next spin.
BOOM SPIN BONUS GAME	3 STAR (SCATTER) symbols activate BOOM SPINS. Regarding activation, the STAR (SCATTER) symbol is counted maximum once per reel. A player may choose one of the two BOOM SPINS spin variants. For three STAR symbols, you receive either 10 spins with the WILD symbol on the first reel or 5 spins with the WILD symbol on the first and fourth reels. For 4 STAR symbols, you receive 20 or 10 of such spins. The BOOM SPINS are not free spins - for each of these spins, the current bet is deducted from the CREDIT field. During the BOOM SPINS, all the three symbols on the first reel are converted into the JOKER symbol. During these bonus games, you may obtain other BOOM SPINS.

BASIC INFORMATION

GAME CATEGORY	poker type game
MAIN AIM OF THE GAME	get a winning combination of cards
MINIMAL BET	0.1 EUR
MAXIMAL BET	100 EUR
MAXIMAL PAYOUT	50 000 EUR

The game uses the classic poker rules based on five cards and two additions. If a player does not hold a card during the addition, or if all the cards are held, the cards are folded in the case of a non-winning combination. In the case of a winning combination, winnings are credited. All the combinations shown in the winning table are evaluated. Only the highest winning combination is paid out.

SPECIAL SYMBOLS, FEATURES AND BONUS GAMES

PACK	The game uses the traditional 52-card pack with added JOKER card. The pack is shuffled during every new dealing.
JOKER	The JOKER symbol card supplements any winning combination, except for the BONUS and MYSTERY combination.
BONUS	The player receives the winning per the winning table for the bonus card FOUR OF A KIND combination without the JOKER card. The bonus card is always changed when the MYSTERY winning is paid out.
MYSTERY	The player receives an extra coin in the MYSTERY field for the bonus card THREE OF A KIND combination without the JOKER card. Upon collecting all the nine coins, the player is credited a random winning from the range per the winning table. A new bonus card is then drawn from the range of two to ten.

KAJOT ROULETTE

BASIC INFORMATION

GAME CATEGORY	roulette type game
MAIN AIM OF THE GAME	bet on a number or group of numbers on which the ball stops
WINNING SHARE	97 %
MINIMAL BET	0.1 EUR
MAXIMAL BET	100 EUR
MAXIMAL PAYOUT	3 600 EUR

The roulette playing field features a total of 37 numerical positions from 0 to 36. In the top left section, there is the "RACE TRACK" for roulette wheel segment betting. At the top right corner, there is the history of the last 12 drawn numbers, including their percentage statistics. The goal of the game is to bet on a number or group of numbers on which the ball stops.

SPECIAL SYMBOLS, FEATURES AND BONUS GAMES

DOUBLE AND SPIN BACK	It doubles the value of chips placed on the playing field and starts the roulette game.
DELETE	It removes the last bet placed on the roulette field, in the case of a bet on one of the race tracks, it returns the bets back per the individual chips.
REBET	It removes all the bets from the roulette playing field.
SPIN AUTOMATICALLY	It repeats the bets made in the previous game round.
SPIN	Starting the automatic play until the credit is depleted or ending the game upon re-pressing. Placed bets are repeated.
	It starts 1 game round.

GAME PROCESS

Bets are made by selecting the chips and placing them on player's desired number or group of numbers. Upon pressing the spin button, the betting round ends, and you can watch the game progress on the top monitor, or in the top part of the bottom monitor.

DIRECT BET	A chip may be bet on any number, including zero.
SPLIT BET	A chip may be placed on any two adjacent numbers by placing it on a line separating these two numbers. It is also possible to place a chip on a line separating 0 and 1, 2 and 3.
 AISLE BET	The aisle bet is made on three numbers. A chip is placed on the outer edge of the playing field, next to the corresponding three-number row. This also allows betting to 0, 1, and 2 as well as 0, 2, and 3.
CORNER BET	The corner bet covers four numbers. A chip is placed on a cross dividing four numbers. One may also bet on numbers 0, 1, 2, and 3.
SERIES BET	The series bet covers two aisle bets, i.e. six different numbers in two rows per three numbers. A chip is placed on the nearest marginal line of the roulette playing field to the point where it crosses the line separating the two given rows.
COLUMN BET	On the shorter side of the roulette field, there are three fields marked "2 to 1". Placing a chip in one of these fields means betting on all the 12 numbers in a given row (except for 0).
DOZEN BET	Player may place a bet on a group of twelve numbers by placing the chip in one of the three fields labeled "1st 12", "2nd 12" or "3rd 12".
BLACK/RED, EVEN/ODD, LOW/HIGH NUMBERS BET	A bet placed in one of the fields at the bottom of the roulette field covers a half of all the numbers in the playing field (except for 0). Every field includes 18 numbers.

„RACE TRACK“ BET OPTIONS:

TIERS

VIKINGS

BASIC INFORMATION

GAME CATEGORY	a five-reel slot machine
MAIN AIM OF THE GAME	spin the reels and get a winning combination of symbols
WINNING LINES	20 winning lines
WINNING SHARE	95 %
MINIMAL BET	0.1 EUR
MAXIMAL BET	100 EUR
MAXIMAL PAYOUT	50 000 EUR

A five-reel game with 20 winning lines. Winnings are valid from left to right. During one game, you can win on multiple winning lines, which means that the winnings are added up. Only the highest win on the winning line is valid.

SPECIAL SYMBOLS, FEATURES AND BONUS GAMES

WILD SYMBOL	The WILD symbol supplements all the symbols except for the SCATTER symbol. If 1 WILD symbol is drawn on the winning line, the winning line is multiplied by 2. If 2 WILD symbols are drawn on the winning line, the winning line is multiplied by 4. If 3 WILD symbols are drawn on the winning line, the winning line is multiplied by 8. If 4 WILD symbols are drawn on the winning line, the winning line is multiplied by 16.
SCATTER SYMBOL	The symbol only appears on the 2 nd , 3 rd , and 4 th reel. Three SCATTER symbols on the reels trigger the Free Spins bonus game. The number of bonus games is determined by the winning table. In the case of a winning combination in this bonus game, all these combinations are paused, and the player receives a respin with the chance to increase his already obtained winnings. Any other winning combination is thus paused, and the player gets other respins until the first non-winning combination occurs, or until the full screen is full of paused symbols. Then, the overall winning through a given spin is determined.
